SUBJECT: LETTER OF COMMENDATION

To Whom It May Concern:

Buckeye Union School District (District) worked with Z Squared Construction as they constructed the tenant improvements of our New Buckeye Union School District office located at 5041 Robert J. Mathews Parkway, El Dorado Hills, CA. This 11,000 square foot interior improvement project included complete interior demolition, new wall framing, new finishes, new toilet facilities, new electrical and low voltage, and exterior ADA improvements.

This project required a fast-track schedule with a hard move in date. Construction commenced December 4, 2017 and was completed over a 70-day period with Substantial Completion March 16, 2018, which allowed the move-in to be accomplished. Z Squared Construction successfully met this date.

Z Squared Construction worked closely with District staff to help ensure that the project met all requirements noted in the plans and specifications. Weekly meetings were utilized to keep the team apprised of project milestones, client-directed changes, and schedule updates.

Hard bid projects can be fraught with a myriad of unforeseen and unanticipated issues and delays. Working with the Z Squared Construction team brought into sharp focus the high caliber of project management and contractor resources associated with an established and professional general contractor.

On behalf of the Buckeye Union School District and myself, we are grateful and appreciative of the services provided by Z Squared Construction. We look forward to working with this team again.

Sincerely,

BUCKEYE UNION SCHOOL DISTRICT

Brian McCahon
